LILLE AND OSTEND ARE CAPTURED

SUBMARINE BASE AND GREAT FORTRESS FALL BEFORE ALLIES

Complete Break Through German Second Defense Line is Effected in Belgium, Dense Masses of Cavalry Pouring Through Breach. New British Attack on 10-Mile Front Today Results in Gain of 2 Miles in Short Time.

COURTRAI AND OTHER TOWNS OCCUPIED

(By United Press)

London, Oct. 17.—British forces occupied the German submarine base of Ostend on the Belgian coast this afternoon.

Lille has also been captured by the allies, according to information received here this afternoon. Dispatches from the battlefield said British forces had completed occupation of the great fortress and industrial city.

Previous to the report of Ostend's fall, information was that Belgians were marching on the submarine base. The nearest point in the battle line to Ostend, as previously reported, was in the region of Nieuport, eight miles distant.

London, Oct. 17.—The British attack which began between Bohain and Le Cateau this morning, already resulted in an advance of two miles, battle front dispatches reported this afternoon.

Paris, Oct. 17.—A complete break through has been effected by the allies in the German second defense line in Belgium, according to dispatches received here today.

Dense masses of cavalry are pouring through the breach and are reported to have advanced nine miles. The break through probably was in the region of Thiert, which Belgian cavalry is reported to have entered after an advance of more than three miles.

Drive Germans Out

With the American Army, Oct. 17. Fighting in the mud and rain the Americans are threatening to force the Germans out of the remainder of the Kriemhilde line.

The Yanks, advancing northward from Grande Pre, have practically cleared the enemy from Loges wood. The Aire has now been crossed in force in the region of Grande Pre, the engineers constructing bridges under gunfire.

It now may be stated that the rainbow division participated in the recent fighting in the Aire salient.

Activity in Italy

Rome, Oct. 17.—Lively artillery fire has broken out along the whole 15-mile front between the Astico and the Brenta rivers, the Italian war office announced today. This region contains the Asiago plateau.

Keep Up With The Huns

Paris, Oct. 17.—The French forces maintained contact with the Germans last night on the entire front between the Oise and Serre rivers, the war office announced today.

Allies Capture Courtrai.

Paris, Oct. 17.—The allied troops pursuing the retreating Germans in Belgium, have captured Courtrai. The British took the great German base after violent street fighting.

The Belgian cavalry following closely on the heels of the retreating Germans, has penetrated Thiert. The Belgians also have captured Thourout and Schoorbeke. The allies advanced yesterday in

HURT BY FALLING TIMBER

Fred Maple of New Salem Severely Injured at Fair Ground

Fred Maple of New Salem was severely injured while dismantling an old building at the old Rush county fair grounds yesterday afternoon at four o'clock, suffering a deep flesh wound in his forehead which required eight stitches to close it. Mr. Maple was engaged in tearing down a building when it caved in on him and one of the heavy timbers struck him on the head. He was brought to this city where his wound was dressed, and was then removed to his home.

BAN IS LIKELY TO REMAIN IN EFFECT

Predictions of Yesterday Health Order Will Not be Lifted Probably Will Come True

MAY BE EXTENDED A WEEK

Although no More Deaths Result Here, Thirty-Eight More Cases Are Reported in County

Predictions yesterday that the ban on all public gatherings, because of the Spanish influenza epidemic, would not be lifted Sunday midnight as originally planned, seemed more likely to come to pass today with the news from Indianapolis that the order of the state board of health would likely extend until midnight Sunday, October 27.

Although no deaths from the disease were reported in Rush county today, new cases continue to be reported at about the usual rate. The total new cases reported to Dr. E. I. Wooden, county health officer, yesterday from both city and county was 38, bringing the total number reported during the epidemic to approximately 216. Ten of the 38 were

GETS 90 DAYS AND FINE OF \$50 TODAY

Ross Darrington Of Indianapolis Caught With Two Suit Cases Full Of Whiskey, Arrested Here.

30 PINTS AN 57 HALF-PINTS

Ross Darrington 726 Jeremiah street, Indianapolis, who was arrested here last night with two suit cases full of whiskey, was fined \$50.00 and costs by Mayor Irvin, this morning and sentenced to serve 90 days in the state penal farm. Darrington, who is a street car motorman on the Indianapolis lines, said that he was taking the whiskey to a widow, at whose home he lived. The police presumed that he was preparing to set up in the "blind tiger" business because he had thirty pints and fifty-six half-pints in his suit cases and a one half-pint in his pocket.

Darrington got off a C. I. & W. train here yesterday evening and was observed carrying two heavy suit cases from the station. Policeman Newhouse was notified and went to the L. & C. traction station where he caught Darrington in the act of trying to escape. Darrington had called a taxi to drive to Arlington, where he expected to board a traction car. He first denied the suit cases belonged to him, but when he was arrested, admitted they were his.

SUSPENDS DRAFT CALL FOR MONDAY

Adj. Gen. Smith Postpones Entrainment of Camp Wadsworth Quota With Consent of Crowder

DUE TO INFLUENZA EPIDEMIC

Wednesday's Examinations by Both Boards Result in 11 Being Held For General Service

For the second time within a month Indiana draft calls have been either cancelled or suspended because of the epidemic of Spanish influenza in training camps.

The latest suspension of mobilization orders will result in the quota of twenty-three men selected from among Rush county registrants not entraining next Monday for Camp Wadsworth, Spartansburg, S. C. Adjutant General Smith halted the mobilization of the 4,261 selectives called from this state after consulting the state board of health regarding the epidemic.

The local board here was notified this morning not to entrain the Camp Wadsworth quota Monday. The selected men ordered to report for instructions Sunday will receive cards officially notifying them not to report.

The examinations conducted by the physician member of the local army board yesterday resulted in seven registrants of the class of September 12 being held for general military service. Seven were rejected as being physically unfit for any kind of military service. One registrant called yesterday, George R. Groce, was confined to his home by illness and was unable to report. Karl Kennedy was also passed for general service. He was not called for examination, but his examination was conducted so he could go on the call next Monday.

Examination of seven registrants yesterday by the medical advisory board yesterday resulted in four registrants being held for general military service and three for limited military service. The local board was sustained in every decision except one registrant, who was rejected by the physician of the local board but accepted for general service by the advisory board.

The daily report of the board today shows fifty-six registrants have been examined the first three days of this week, thirty-eight of which were held for general military service, four for limited service and fourteen disqualified.

The board was informed today that the following registrants had been accepted in the S. A. T. C. at various colleges: Benjamin B. Cox, Rushville, Chicago University; Henry S. Mauzy, Rushville, Northwestern university; Charles D. Winslow, Carthage, University of Minnesota; Paul O. Seright of Milroy, Irwin H. Greely of Rushville, Charles R. Harton of Milroy, William S. Arbuckle, Dwight G. VanOsdel, Wilbur J. Cox, Norman J. Reed, John Fleehart, all of Rushville, Ogden M. Daily, of Glenwood, Charles W. Laughlin of Glenwood, James L. Hyatt of Milroy, Earl E. Hoff of Manila and Clarence Atkins of Mays, all at Indiana university.

The adjutant general was given the authority to suspend the call in a communication received from the provost marshal general at Washington. He was advised that the army needed the men in the call badly, but that if in his judgment the epidemic conditions in Indiana warranted the call could be suspended until further notice.

DEATH DUE TO INFLUENZA

Mrs. Harry Rice of Indianapolis, Formerly of Raleigh, is Dead

Mrs. Harry Rice, formerly Miss Ethel Shaw of Raleigh, age 31 years, died at her home in Indianapolis, yesterday morning about four o'clock. The deceased was born and reared in Raleigh and lived there all her life until a few years ago she went West for her health. She was a grade teacher in Raleigh and her death was a great shock to her large circle of friends and relatives. The immediate cause of her death was influenza but she had been in poor health for several years. Surviving her, in addition to her husband and two children, is her mother, Mrs. A. L. Canady of Raleigh. The remains will be brought to Arlington Saturday and the funeral will be held at the Arlington cemetery at 2 o'clock.

FIFTY RESPOND IN THE CITY ALONE

Rush County Women Are Willingly Filling Out Questionnaires as Required in Nurses' Enrollment.

THE NEED IS IMPERATIVE

Local Examples Are Cited to Show Patriotism of Women Who Have Experience as Nurses.

Cora M. Stewart, who is in charge of the nurses' enrollment of Rush county, has at least fifty questionnaires filled out just in this city. Surgeon General Gorgas has asked for a record of the experience of all women, who are qualified to render aid as nurses, and this includes graduate nurses (of which only a few are left in Rush county), all pupil nurses, practical nurses, midwives, trained attendants, undergraduates and all who have taken care for the sick, first aid, etc. He

PLANE CIRCLES OVER TOWN DURING FUNERAL

Aviator From Speedway Aids Milroy in Paying Tribute to Memory of Private Rardin

SERVICES ARE HELD AT 2 P. M.

An airplane from the Speedway circled over Milroy this afternoon at the hour of the funeral of Private Raymond Rardin out of tribute to the young mechanic who was killed while in the line of duty. He met his death last Friday at Carruthers flying field, near Fort Worth, Texas, when he was struck on the head with a propeller blade of an aeroplane. His body arrived in Milroy yesterday morning and was taken to the home of his parents, Mr. and Mrs. Frank Rardin.

The funeral was held this afternoon at two o'clock at the residence and the funeral oration was delivered by the Rev. Mr. Adams of Cincinnati, formerly pastor of the Christian church at Milroy.

Milroy paid splendid tribute to the memory of the first Milroy boy to give his life in the United States for his country. The services were held out doors on account of the ban on public gatherings inside a building. The whole community turned out to pay respect to the young soldier.

ABDICATION OF KAISER DENIED

Great Events Are Impending in Germany, But When They Will Happen is Doubtful

HUN REPLY LIKELY NOT READY

Dispatch Declare Bolshevik Revolution in Germany is Possibility of the Near Future

(By United Press.)

Amsterdam, Oct. 17.—Official denial that the kaiser has abdicated is contained in a dispatch from Berlin, received here today.

Geneva, Oct. 17.—A revolution broke out in Constantinople against the young Turks, it was reported in dispatches received here today. The Germans have rushed twenty warships to the scene of the trouble to protect the adherents of Enver Pasha. Turk friendship with the Germans dates back to the time the young Turks came into power.

London, October 17.—Unless peace is made immediately, a Bolshevik revolution will break out in Germany, according to dispatches received here today from Amsterdam, Stockholm and Geneva. Bolshevism has been noted among the German industrial classes. The regular socialists are alarmed and have formed a government they will seek to establish in the event the kaiser abdicates, hoping to head off Bolshevism and anarchy.

Washington, Oct. 17.—Great events are impending in Germany. That they will come within a day, a week or a month, officials will not hazard a guess. That they are inevitable no one in Washington doubts.

Unofficial reports coming from Holland and Switzerland that Germany immediately will accept President Wilson's peace terms are without confirmation here; nor is there any information that Germany's reply has been drawn. In fact, Swiss dispatches saying the reichstag will meet tomorrow to discuss President Wilson's note would indicate no reply has yet been drafted.

Internal conditions as well as the military situation are expected to dictate both the form and promptness of Germany's answer. One was regarded as only a little less serious than the other, and there was always the possibility that, combined, they had forced the German leaders to a conclusion even before the first note asking for an armistice was dispatched.

From behind the veil of secrecy within the empire rumblings of discontent long have been reaching the outside world, but the extent of the upheaval can not yet be accurately gauged. The fact that radical changes are being made in the German constitution and unofficial reports that the kaiser has relinquished his power to declare martial law were only further indications that the power of the junkers rapidly is waning.

STATISTICS IS GATHERED NOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

Information Regarding Farm Labor For District Draft Board

A meeting was held last evening with Marion Detrick, county agent, in order to make plans for the labor survey, which will be conducted in Rush county. Cards are being sent out for every farmer to fill out with statistics regarding crops to be grown next year, amount of live stock on his farm and the labor now employed on his farm, including the age and experience of each worker. This information will be given to the agricultural advisor of the district army selection board to be used in determining the labor supply of the county when the board classifies registrants on agricultural claims.

HELD ON FORGERY NOTE

PIGS GET WORMS VERY YOUNG

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Fed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and even expel them.

**A REAL MANURE SPREADER**

Rome was not built in a day—neither has there ever been an absolutely first-class spreader built in a day or a month or a year or ten years. By first class we mean as spreaders are measured today.

It takes many years of cumulative experience and many years of developing organization to build what today can be truly designated as an absolutely first-class machine.

The "RUSHVILLE SPECIAL" Spreader which we have been telling you so much about is the result of more than fifteen years' experience by a specialty factory, made up of men and machinery and an organization that knows little else but to build these machines, but this one thing they know and know it well. The company building our spreaders is the oldest spreader builder now in existence and doing the largest business and building the most machines of any concern in the United States.

They stand as leaders and their product, the "RUSHVILLE SPECIAL" Spreader, is unquestionably a leader in its line. We are fortunate in being able to offer this machine to our customers because of its many qualities which we take great pleasure in showing to our Trade as we have the opportunity. As we said before, we await your verdict.

Personal Points

—J. A. Widau of Mays, went to Indianapolis, today on business.

—W. E. Harton left yesterday for Greenville, Ohio, to attend a sale.

—Sam Trabue was a visitor in Indianapolis, yesterday on business.

—Mrs. Claude Spillman of Milroy spent the day here yesterday on business.

—Mrs. Charles Caron returned today after visiting relatives in Union City and Newcastle.

—Miss Allene Greene and Miss Mildred Oneal were visitors in Indianapolis this morning.

—Miss Lena Beale of Indianapolis, is taking her vacation with friends and relatives in this city.

—Mrs. Mary Poston and children George and Stella, left Wednesday for a motor trip through Tennessee.

—Miss Goldie Cheek has returned to her home in West Sixth street, after visiting friends and relatives in Greensburg and Milroy.

—Mr. and Mrs. D. B. Williams of Glenwood arrived home yesterday, after touring through Kentucky and attending the races in Lexington.

—James McKinney of West Virginia, who has been the guest of Miss Mary Connolly in West Third street, left this morning for Indianapolis.

—Miss Dorothy Laroy of Cincinnati was here this morning enroute to Indianapolis, where she will make a week's visit with her sister, Mrs. John Clark.

—Miss Belle Forsythe, Mrs. Minnie Abrecombie, Miss Bertha Helm and Mrs. and Mrs. Guy Gordon, motored to Metamora, Ind., yesterday and were the guests of Miss Katherine Blackledge.

—Mrs. John Mack and Mrs. Paul Scott, formerly Miss Beatrice Mack, and daughter, have returned to their home in Dayton, Ohio, after spending several days in this city as the guests of friends.

—Lon Stewart will leave Sunday for New York, where he will embark for overseas service with the Y. M. C. A.

—C. D. Robinson of Indianapolis, returned this morning after spending a few days on business in Connersville and in this city.

—Mr. and Mrs. August Rost of Indianapolis, came this morning to spend several days in New Salem, as the guests of Mr. and Mrs. Edgar Martin.

—Byron Woods, who is a traveling salesman from Richmond, Ind., spent a few hours in this city this morning enroute to Arlington and Gwynneville.

—Mr. and Mrs. E. A. Smith and daughter, from Anderson, motored to this city yesterday and are the guests of Mr. and Mrs. John Borem, West Seventh street.

—Albert Sweet, who left only a few months ago for mechanical training at Indianapolis, left yesterday for Fort Wayne, Detroit, Michigan, where he will continue his work.

—Private N. C. Wiley, who is doing government work in Washington, and formerly the science teacher in the local high school here, has returned after spending yesterday here as the guest of friends.

—Lieut. Ernest Marlatt, who was commissioned at the artillery officers training camp at Camp Taylor, Ky., has arrived to remain until Monday on a short visit with relatives. He has been assigned to Camp Jackson, S. C.

MEMBERSHIP DRIVE TO SUPPLANT STAMP SALE

Christmas Call For Red Cross Members to be Made During the Week of Dec. 16-23

NO SEALS ARE TO BE SOLD

Now comes the Christmas roll call, Dec. 16-23. It is proposed by the Red Cross war council that in lieu of the usual sale of Red Cross seals at Christmas time—this roll call for universal membership in the Red Cross be made. This is a wartime measure and specifically for the year 1919, and this action of the war council is prompted by the desire to insure, so far as may be, the maintenance and development of anti-tuberculosis work during the coming year, rather than to have its support contingent upon the usual sale of Christmas seals at a time when the country is being asked to consider so many important appeals to its sympathies and resources.

This roll call will be conducted by Red Cross chapters with the co-operation of local anti-tuberculosis associations, and is expected to be the most memorable campaign ever conducted by these two great organizations.

Days Pickings

Mrs. Malcolm Holmes of Glenwood is recovering from a serious illness with influenza.

Mrs. John Kelly and daughter Eloise, are ill at their home with the Spanish influenza.

Elbert Myers, who has been dangerously ill at his home with the influenza, is slowly improving.

Mrs. Elmer Darnell is ill with the influenza at the home of her parents, Mr. and Mrs. Forest Brooks.

Mrs. J. W. Rost and daughter, of Peru, Ind., returned to their home this morning after visiting friends in this city.

Mrs. Olive Haywood and her daughter Bertha, are seriously ill at their home in West Third street with the influenza.

The divorce suit of Frank Pitcher against Lillie Pitcher was dismissed at the plaintiff's costs in the circuit court yesterday.

The Misses Byrd and Kate Kelly, and Martin Kelly are ill at their home in North Sexton street suffering with influenza.

Donald Sparks, who left here two years ago and accepted a position with the Western Electric company, at Salt Lake City, is now a traveling salesman for the company, touring the states of Utah and Nevada.

Guy Marsh, formerly of Orange township, who went to Camp Taylor, Ky., July 26 with the increment of forty selected men from this county, is reported to be critically ill at the camp hospital with influenza. Private Marsh is married and has a wife living in this county.

A representative of the United States employment service today inserted an advertisement in the Daily Republican making an appeal to men to accept employment in the old hickory powder plant, operated by the DuPont Powder company, at Nashville, Tenn.

Charles DeMunbrun, former principal of the school at Mays, was commissioned a second lieutenant at the artillery officers training camp at Camp Taylor, Ky., yesterday. Lieut. DeMunbrun left here with the quota of selected men April 26. He is a nephew of Mrs. E. J. Farthing of this city.

Since the board of health has prohibited any public gatherings on account of the epidemic of the Spanish influenza the funeral services which were to have been Saturday morning at 9 o'clock at the St. Mary's Catholic church for Mrs. Joseph Keating, will be a private funeral at the house at the same time.

Peasants in the country districts of Italy are practically unaffected by the world-wide food shortage. They have vegetables in plenty and goats supply most of the children's milk. Red Cross relief work is mostly for the cities and towns.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

AMERICA ALWAYS FIRST

Wasting Railroads

One of the most important of all military necessities is transportation in all forms. Every inch of space in cars and ships has a direct military significance. Our success on the battle front from now on depends very largely upon the number of men we can put in the trenches. The number of men possible to put in the trenches depends almost entirely upon our ability to feed and maintain them after they are there.

Statistics tell us that for every man in France we must set aside continuously for his maintenance and equipment as a fighter, shipping facilities amounting to two tons until the war is over. It is easy to translate these figures into millions, and it is apparent at a glance what this tremendous task means to the railroads.

It is the duty of every housewife to bear these facts in mind at all times. These are days when every non-essential must be cut off and every purchase made with a direct thought as to its significance on the battle front. "Am I helping or hindering the war?" must be continuously in our minds.

It should be a matter of pride to the American women to maintain their households as nearly as possible upon food purchased in the surrounding communities. This not only conserves our precious transportation facilities, but also tends to conserve food because it promotes a more complete utilization of food-stuffs produced.

Warfare today is a scientific battle. It is not being fought altogether on the Western Front but in the stores, in the kitchens, in the factories, on the farms and in the hearts of our people. Get the war consciousness. Every thing you do helps your government or helps the enemy. Analyze your actions and see which you are doing.

surrounding communities. This not only conserves our precious transportation facilities, but also tends to conserve food because it promotes a more complete utilization of food-stuffs produced.

Warfare today is a scientific battle. It is not being fought altogether on the Western Front but in the stores, in the kitchens, in the factories, on the farms and in the hearts of our people. Get the war consciousness. Every thing you do helps your government or helps the enemy. Analyze your actions and see which you are doing.

The people in France just now are not only divided into Allies and Germans, but into optimists and pessimists. Which is which? One guess.

They once feared the Greeks when they brought gifts and now we fear the Germans when they offer peace.

It is reported that on account of their antagonism to the draft the Goshute Indians have left their reservation in Utah and gone upon the warpath for the third time in eighteen months. The Home Guards will probably receive orders to "Go, shoot 'em."

Mob-Psychology
Most of us reason through our enthusiasms. When we learn to distinguish between judgment and zeal we make fewer mistakes.

It is pleasanter to let our emotions guide us. We get a thrill with every thought. Most of our thoughts are wrong, but life becomes one long five-reel feature.

THIS DAY IN THE WAR
Oct. 17, 1917
American navy department announces torpedoing of American torpedo boat destroyer in European waters.

Oct. 17, 1916
Allied sailors are in possession of most of Athens.

Oct. 17, 1915
France declares war on Bulgaria.

Oct. 17, 1914
Great Britain announces 4 German destroyers sunk.

Here we find the quality which inspires the lynching bee, yet poses as patriotism. It animates sabotage, anarchy and sedition, yet masquerades as the spirit of democracy.

When it causes a dozen half-wits to blow up a munition factory it militates as effectively against our national liberties as when it leads a hundred maniacs to hang a suspected pro-German.

WARSAW CAMP IS WITHOUT A LEADER

Five Rush County Selected Men Among Thousand Who Enter School With no Commandant

ORGANIZE COMPANIES ANYWAY

The five Rush county selected men, who entered for the military training school at Warsaw, Tuesday are among the 1,000 registrants, who are at the new training camp without a qualified officer in command. Dispatches today from Warsaw say that the camp commandant and his corps of 200 instructors failed to arrive. Without any leadership the men organized themselves into companies and began drilling.

W. D. Frazer, president of the Warsaw Chamber of Commerce, and assistants appointed by him are in charge of the men. They issued blankets and other camp equipment sent here by the government and have assigned the men to the various barracks. A full supply of army coats has not arrived and many of the men were forced to sleep three in a bed. Others slept on the floor.

Spanish influenza already has appeared at the camp, there being three cases Tuesday and several new cases reported Wednesday. Dr. A. C. McDonald, the physician member of the local draft board, is temporarily acting as camp doctor. He is taking every precaution to guard against an epidemic and says there is no grave danger at the present time.

RELATIVE IN PRISON CAMP

Frank Comella Hears From Brother-in-Law Missing Over Year

Frank Comella, local shoe repairer, who is a native of Italy, has received word that his brother-in-law, Corporal Demma Vincenzo, is a prisoner of war at Westphalen, Germany. Corporal Vincenzo was captured in the big Austrian drive when the Italian army collapsed more than a year ago, but his relatives did not know his fate until now. No word had been received from him and it was presumed that he had been killed. Corporal Vincenzo is a brother of Mrs. Comella.

NO HEARING ON INJUNCTION

Attorney Fails to Get Word of Third Street Case Being Set

Further hearing in the injunction suit of the Indianapolis and Cincinnati Traction company against George T. Miller, the Third street contractor; Roy Evans, his superintendent, and the city of Rushville, in which a temporary injunction has already been granted to prevent the tearing up of Third street, was postponed in the circuit court yesterday because Miller's attorney at Lebanon did not get word in time that the hearing was set for October 16. The temporary injunction, which stopped the contractor from going ahead with the paving of the street, was granted September 7 and on September 19 the city was made

RAYMOND BORING IS DEAD OF PNEUMONIA

Rush County Soldier Expires at Camp Taylor, Ky., Falling Victim to the Epidemic

ENTRAINED HERE ON JULY 26

Private Raymond Boring, age twenty-eight years, son of Mr. and Mrs. Frank Boring of Anderson township, died yesterday afternoon at Camp Taylor, Ky., from pneumonia, which developed after an attack of Spanish influenza, according to a message received at the home of his parents about four o'clock yesterday afternoon.

Private Boring is the third Rush county soldier to fall victim during the epidemic which has taken the lives of thousands of soldiers in training camps. He entrained for Camp Taylor with the Rush county increment of forty selected men July 26.

Mr. and Mrs. Boring were at their son's bedside when he died. They were called last Tuesday, but after their arrival his condition improved. He suffered a relapse, however, and a message was received by his sister yesterday afternoon to come at once. Shortly afterwards, she received another telegram saying he was dead. Private Boring is survived by his parents, two brothers and a sister. The funeral arrangements have not been made.

CALLED TO CAMP

Dr. Howard Thomas of Mitroy left yesterday afternoon for Fort Oglethorpe, Georgia, to enter the training camp for officers for the dental reserve corps. Dr. Thomas enlisted a year ago October 7. He received his call yesterday morning and had to depart at once because the call was delayed enroute, which did not permit him the usual forty-eight hours before leaving.

WOMAN'S STATEMENT WILL HELP RUSHVILLE

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine etc., as mixed in Adler-i-ka." Because it flushes the ENTIRE bowel tract completely Adler-i-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising. P. E. Wolcott, druggist.—(Adv.)

A personal offer to those who fear Spanish Influenza

MANY doctors are urging the use of a soothing antiseptic like Kondon's for inside the nose and head. I want to make it easy for folks to get this relief.

THEREFORE, I hereby authorize any druggist to let you have a 30c tube of "Kondon's" on the understanding that if you don't think it is worth many times that to you, you may return your tube to the druggist and get your money back—the druggist to collect said refund from me.

(Signed) Thomas N. Kenyon, Owner.

PROTESTS AGAINST NEW DAYLIGHT BILL

Marcus M. Marks Says it is Preposterous to Try to Save Daylight During Winter

URGES HOUSE NOT TO PASS IT

New York, Oct. 17.—Protest against legally extending the Summer Daylight Saving Act into winter by keeping the clock one hour ahead all year was made by Marcus M. Marks, president of the National and New York Daylight Saving Association, in a statement here.

Declaring that if the clock was not set back in winter when the sun rises late it would compel persons to go to work in the dark, would be "as illogical as wearing a linen coat in winter" and would "throw us out of harmony with European countries," Mr. Marks said:

"The Senate passed the Winter Daylight Savings Act without discussion and without a hearing—a leap into the dark without a word. Let us hope the House of Repre-

sentatives will not force the people to try and save daylight before daylight."

The male ostrich builds the nest. One of the oldest types of dog is the

DIES FROM TOXINE POISON

Mrs. Clarence E. Sampson, formerly Miss Flossie Goodbar, age 24 years, died at her home last night about 10:40 o'clock from toxine poison. The deceased is survived by her husband, an infant daughter eight days old, a father, mother and three sisters. The funeral services will be private Saturday afternoon at 2:30 p. m., at the house with the Rev. L. E. Brown in charge.

BAN IS LIKELY TO REMAIN IN EFFECT

Continued from Page One

from the city and 25 from outside. The morning mail today brought reports of ten more cases outside of Rushville and a few cases were reported from Rushville.

If the extension is made the closing order of the state board of health will not be lifted until midnight Oct. 27. Dr. J. N. Hurty, secretary of the board, announced yesterday that from the present indications the malady is still gaining in momentum and that in all probability the board's drastic orders will have to remain in effect one week longer than originally specified. Official announcement will be made Friday, Dr. Hurty said, whether there will be an extension of the ban.

Dr. Hurty's opinion was based on the official reports and other information received at the state office yesterday from many parts of the state. Capt. William F. King, assistant secretary, received reports during the day from health commissioners of forty-four counties. The total number of new cases recorded in these reports was 2,780. These figures, however, represent only half of the counties.

A call was received from Whitley County for nurses. Dr. King referred the call to the Red Cross, which will take immediate steps to provide the relief. In Columbia City and vicinity there have been 800 cases of the disease and nine deaths reported.

FIFTY RESPOND IN THE CITY ALONE

Continued from Page One

asks for the record whether they are available or not, and for them to give the reason why now.

The purpose of the thorough survey is to find a systematic way of relieving the graduate nurses in the United States for overseas duty, where there is such a marked shortage and a great demand at the present time. The best qualified among those available for the war duty will be asked to take the places of the more highly trained nurses. The requirements for overseas are 1,000 a week and this demand is not being met by a half. In order that this withdrawal for military purposes may be done with the least interference to the needs of the civilian population, this includes all women, who are familiar with any type of nursing, whether those women are still at work or not.

A list of all the nurses in the county was made from the registration cards signed last spring. All these women are being asked to give in their experience and they are complying with this request without any hesitation. Workers all over the county are enthusiastic with the success they are meeting and after the questionnaires are properly explained the women register immediately. This speaks well for the patriotism given of the women of Rush county. For example, a letter was received here this morning from one of our practical nurses in Newcastle, asking for a questionnaire, saying that she no longer wanted to be a slacker "but was willing and ready to help save some of our boy's lives, who are fighting for our freedom. A local woman, who is 68 years of age, and is unable to do any nursing of any kind on account of her health but wanted to let it be known, why she could not serve in this crisis, filled out a questionnaire stating that at one time she was a practicing nurse. Four women from Arlington, signed questionnaires this morning. The office will be open every afternoon and some one will be there to receive the women, who are wanting to enlist in nurses training. "Do not wait but remember that it is the duty of every woman, who has had any training at all or who is wanting to learn," says Mrs. Stewart.

About 60,000,000 acres of land is given over to tobacco cultivation in

PRIVATE SCHATZ IN THICK OF FIGHT

So Hardened to Noise of Bombardment Never Pays Any Attention to an Ordinary Shell

WAS STATIONED NEAR PARIS

Is Living in Village That is in Ruins but He Found One Part That Stands

So hardened is he to the noise of the bombardment that he never pays any attention to an ordinary shell, according to a letter from Harry Schatz, 8th anti-aircraft Battery, C. A. C., A. E. F., written to friends here. Private Schatz, who is the son of Mr. and Mrs. Hyman Schatz of this city, sends an interesting description of his experiences in France in the following letter:

How are you? Well, I'm in the best of health and having a fine time. I suppose you knew I was stationed near Paris and it was then I had some fine times. Visited most all the places of interest and saw some fine shows. We have criss-crossed through the country and so have passed through a great many cities of interest. Some had been shelled and were in ruins while others were as they were before the war, art and all intact.

Have been on the front for some time now and like it first rate. Shells sure make some noise as they pass over but am hardened to them now. When the machine guns, cannon and aeroplanes are all working together there sure is some racket. We are living in a village that is in ruins but have found one part of a building that still stands. I've seen worse shelters, however. We are also getting French rations and it's pretty good. Haven't a thing to kick about and am very well satisfied. The war will soon "finit" and then I think I'll cast anchor in Rush. We can see German territory and by means of field glasses, their trenches, and they are sure shelling right now.

RHEUMATICS NO LONGER GLOOMY

They have used "Neutrone Prescription 99" and found it there with the punch that kills Rheumatism.

Only the skeptical now suffer. The victims of Rheumatism all tell the same story, they have sore, inflamed muscles and stiff joints, they have no ambition or strength and get nervous, cross and irritable, which is not to be wondered at. Thousands of old time Rheumatics are now in the best of health after using "Neutrone Prescription 99."

Its satisfied users are its best advertisers, pretty good advertisers, too. No matter how little or how much you suffer go and get a bottle of "Neutrone Prescription 99." You will be surprised at the results. Those sore, inflamed joints and burning, aching muscles will disappear, and you will feel fine every hour of the day. Mail orders filled on \$1.00 size.

Society

The War Mothers organization has postponed their meetings indefinitely on account of the epidemic of the Spanish influenza.

A pretty appointed pitch-in dinner was served last evening at the

City Restaurant. Masses of fall roses of varied hues formed the centerpiece for the table. The guests included the Misses Dorothy Sparks, Katherine Wooden, Mary Louise Poe, Alfred Norris, Bruce Carr and Cyril Caron.

The Indiana Federation of Clubs annual meeting has been postponed until November 19 to 22, according to word received here.

Mr. and Mrs. Harry York of Glenwood, entertained at their beautiful

country home. A bouquet of fall flowers adorned the dining room table, where the delicious dinner was served. Covers were laid for the following guests: Mrs. Bert West, Mr. and Mrs. Herbert Holden, Mr. and Mrs. Ed Mock and children, Georgin and John, Mr. and Mrs. Fred Kennedy and sons, and Harold York.

SUBMARINE BASE AND GREAT FORTRESS FALL TO ALLIES

Continued from Page One
Belgium on a front of more than thirty miles to an average depth of three miles.

The British are reported to have broken through the defenses constructed by the Germans to defend Lille and are now fighting in the suburbs of that city.

New Attack On 10-Mile Front

London, Oct. 17.—The British began a new attack on a front of ten miles between Le Cateau and Bohain today, according to a report from Field Marshal Haig today, which says satisfactory progress is being made.

Strong enemy counter attacks at Haussy pushed the British back to the western edge of the town yesterday.

Hold on Coast Broken

London, Oct. 17.—With their hold on the Belgian coast broken, the Germans are hurriedly trying to escape from the trap which the forces of King Albert have been closing.

British troops entered Conrai, the enemy base west of Ghent, Wednesday. Thourout was captured by the Belgians, and General Plumer's men have occupied hill positions

THANKS FROM SECY. M'ADOO

Wires Republican Expressing Gratitude For Support in Loan

The Daily Republican today received a telegram from W. G. McAdoo, secretary of the United States treasury, expressing his gratitude for "the splendid support you have given to the Fourth Liberty Loan" and his regret "to have to ask your further assistance." He announced that he would have a statement to make regarding the Fourth Liberty Loan tomorrow.

overlooking Tournai and Roubaix, the cities which, with Lille, form the industrial center of France. The British unofficially have been reported near Lille, while patrols are said to have entered the suburbs of the city.

Near the apex of the Flanders salient the allies have reached Cools-camp, twenty-one miles from the Dutch frontier, and about six miles west of Thiet. More than twenty villages were liberated during the allied advance Wednesday. Among the towns occupied by the French were Ardoye and Lichtervelde.

In the Dixmude region the Belgians have reached Keyem and have penetrated the German positions to a depth of three miles.

ABDICATION OF THE KAISER IS DENIED TODAY

Continued from Page One

On the battlefield there was a clearer view of the extremities which the enemy has reached. Latest reports told of a German retreat in northern Belgium on a tremendous scale. Elsewhere along the flaming front from Verdun to the North sea, the Tuetons were resisting with a tenacity which most observers here believed was born of desperation, but nowhere were the allied armies being held.

President Wilson's course, in the event of surrender, would be to forward the Berlin reply to co-belligerents of the United States. Guarantees of the interests of Germany and German people, spoken of in Holland dispatches as part of the rumored German surrender message, do not intervene as an obstacle if guarantees are thought of in sincere terms. If they are put forth as another vehicle for a quibble, as opportunity for diplomatic evasion and trickery, or a negotiated peace they will meet only one reply.

She Wouldn't Lie About It

London, Sept. 9. (By Mail.)—Thank the war for a truthful woman!

A Russian tailor, Jacob Lavinsky, was charged with having concealed his son, Louis, a deserter.

In support of his story Lavinsky called on his daughter to give evidence.

The girl held the book in her hand, and when taking the oath, instead of making the usual promise to speak "the truth and nothing but the truth," quietly announced to the court, in broken English:

"Everything I shall say will be the big untruth."

Walnut Timber Wanted

"Let walnut shipments keep pace with the government's military program," is the appeal printed on "enrollment blanks" recently circulated in the Indiana walnut belt by the Hartford County Chapter of the Red Cross. Government minimum and maximum prices for walnut logs and for standing timber are quoted on the blanks.

—Mr. and Mrs. E. E. Griffith of North Jackson street, returned to their home this morning after an extended visit with relatives in Roswell, New Mexico.

TRIED MANY, FOUND THE BEST

Good digestion is the foundation of good health. Foley Cathartic Tablets keep the bowels regular, sweeten the stomach and tone up the liver. There is nothing better if one desires an old-fashioned, harmless physic—gentle in action, yet thoroughly cleansing in effect. J. P. Gaston, Newark, Ind., says he used a great many kinds of cathartics, but Foley Cathartic Tablets gave him more satisfaction than any other. He says they are the best cathartic tablets made. F. B. Johnson.—Adv.

Plus Coat Values

The real basis of all value, in times of plenty or scarcity, is—the material good? Is the workmanship right? Is the style unexceptionable? Is it what you wish?

But, when, as today with good fabrics scarce and all materials high, you have a chance to buy on the basis of previous season's costs, then you get

Value Plus

And that is what a large proportion of our stock offers. It's a question of business foresight—early exercised to a wonderful extent by makers who for years have helped us make ours the leading coat and suit department in Rushville.

We know you appreciate such extra values and we have been keen in securing them.

So we repeat: See what we offer around \$25 to \$50—you'll save enough on them to buy Thrift Stamps or more War Savings Stamps.

E. R. Casady
RUSHVILLE INDIANA

Sensible Economy

Come to this store and let us prescribe for you a SENSIBLE line of food. We have it, and want to help you over a hard time.

Prices are reasonable on many articles of diet. YOU'LL FIND OUR PRICES RIGHT.

GREGORY'S CASH GROCERY
PHONE 1774 WEST EIGHTH ST.

Saving can be practiced in more than one way.

When it comes to clothes for boys, the best way we know is always to buy

XTRAGOOD

There's more value to the square inch in one of those suits than any other we've ever seen.

\$7.50, \$10.00, \$12.50, up to \$16.50

WM. G. MULNO
247 North Main Street

Your Attention!

Is called to your needs in HOSIERY. This stock is in fine shape to meet your wants in Cotton, Lisle, Silk or Wool for Ladies' Wear. The quality is the best for the price. The price is high, we admit, when compared with that of two years ago. Yet we do not try to find the lowest priced hose but select the best wearing hose for the price paid and ask you to compare these hose with any at the price on the market.

Also a splendid stock of Good Wearing Hose for Children, Girls, Boys from 25c to 75c a pair.

TRY THEM

J. W. HOGSETT

Compare Your Bills

Price for Price, Quality for quality, you will be agreeably surprised at the saving you can make by buying your groceries at this store.

Every article is high grade—depend on its being pure.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off.

It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Feet-Off Way Is "Gets-It." It's anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fussing or putting. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

DRESSES

That Are Both Pretty and Practical

This does not mean an occasional frock at a moderate price; but a good selection with sufficient diversity to meet individual tastes.

For the woman of affairs who wishes to be practically and be comely clothed, we offer especial groups of frocks, meeting her need at thrift prices.

Street or afternoon utility dresses of serge, panama and jersey, \$18.50 to \$29.50

An unusually good dress of all wool double-warp serge in navy, black, brown, green and burgundy, in sizes 16 to 46. Choice \$16.50

Pretty all wool jersey dresses, showing styles that are different in fawn, French blue, dark green and plum, up to size 44 \$29.50 to \$39.50

Supple satin frocks in quite a range of autumn shades \$25.00 to \$45.00

Big Special For This Week

35 very pretty SILK POPLIN DRESSES in copen, green, navy, wisteria, taupe, black and brown. Sizes 14 to 46, your choice—\$10.00
Sizes 50 to 54, your choice—\$12.50

Take advantage of one of The Mauzy Co.'s assets—the sole agency of Wooltex Coats and Suits. That means more to you, this season than it ever did before.

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All Advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

DRINK HOT WATER

IF YOU DESIRE A
ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

visited friends in Connorsville, Saturday

An eight pound boy was born to the wife of Allen Chance, Sunday.

Mr. and Mrs. Minor Thomas and children, Herman and Mary, were the guests of Mrs. Mary Piper Sunday.

Mr. and Mrs. John Hammer attended the funeral of a relative, near Raymond, Ind., Monday.

William Love, who sold his property in Fairview to Howard Brown, moved his household goods, Monday to Morristown, where they will reside.

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

Foley's Honey and Tar has done for their daughters in ridding them of coughs that "hang on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Colton, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds."

RED BLOODED MEN FIGHTERS

THEY RULE THE WORLD

Red blooded men are born leaders in every walk of life and fight intelligently with both brain and muscle. They are always live wires, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way. Work is a pleasure and they land on top every time.

You will not find a strong successful man or woman trying to plug along with poor health or weak nerves. They know better, they are wise and see to it that their blood has plenty of good fresh iron and their nerves at all times loaded with Phosphated Iron.

A leading doctor says: "Show me a strong, healthy successful man or woman and you can bank on it every time, their bodies are just loaded with iron and Phosphates." Another prominent physician says: "There is no need of anyone going through life sickly, miserable, played out, lagged and nervous when Phosphated Iron will always put energy and vigor in the body, mind and nerves." This same doctor also said: "With the system loaded with Phosphated Iron you can fight life's battle at any stage of the game and be a winner at every turn."

Mr. Run Down man or woman in any stage of life, if you feel all your nerves are all shot and life seems like one continual drag and drudgery from day to day, get next to yourself, wake up, take a brace, lay in a supply of Phosphated Iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins. Are you game?

To insure physicians and their patients receiving the genuine Phosphated Iron, it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules.

Pittman & Wilson, Druggists, and leading Druggists everywhere.

11 HOOSIERS WERE REPORTED TODAY

Four Hundred And Twenty-nine Were Named in Today's Casualties

TEN WERE TAKEN PRISONERS

Washington, Oct. 17.—Four hundred and twenty-nine names were reported in today's casualties of which 75 were killed in action; 16 were missing in action; 128 wounded severely; 39 died of disease; 3 died from accidents and other causes; 11 died from wounds; 147 died from wounds (degree undetermined); 40 prisoners.

The eleven Indiana men were divided in the list as following: killed in action, Private Erthur W. Cadwallader, West Lebanon; Private Otto E. Scott, Galveston.

Died of disease—Private Harold Maybourn, Ainsworth.

Wounded (degree undetermined)—Private George F. Alvery, Cannelton.

Marine corps killed in action—Sergeant George R. Gowdy, Kokomo.

Wounded severely—Sergeant Kenneth D. Lockwood, Jeffersonville; Private Emerson A. Knight, Indianapolis; Private Madison L. Gitten, Evansville; Private Forrest A. McGinn, Clay City; Private Chris C. Mulligan, Kentland; Private Arba O. Emrich, Indianapolis.

RECOGNIZES POLAND

London, Oct. 17.—The British government has recognized the Polish National Army as autonomous, allied and co-belligerent, according to an official announcement tonight.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenthu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He then gave his discovery to others who took it, with what might be called marvellous success. After years of study he stated that he suffered every where from his rheumatism. He then stated that he suffered every where from his rheumatism. He then stated that he suffered every where from his rheumatism.

SUSPENDS DRAFT CALL FOR MONDAY

Continued from Page One

When more than 2,000 new cases of influenza were reported to the state headquarters yesterday Capt. William F. King, assistant secretary of the state board of health, advised Adj. Gen. Smith that in his opinion, the suspension of the call would be the proper course.

Major Robert C. Baltzell, state draft executive, immediately sent orders to all the draft boards informing them of the suspension of the call and ordering them to hold their men in readiness subject to a resuming of the call. He also advised the local boards to keep the state office advised of the epidemic conditions in the county so that the provost marshal general could be informed.

The suspension of the call resulted from the following telegram sent to Washington by Adj. Gen. Smith: "Fourteen hundred new cases of

Iron, Nux Vomica Gentian Make DR. CHASE'S Blood-Nerve Tablets

A Powerful Blood Builder.

A wonderful flesh maker and restorative to the nerves, giving health, strength and vigor to the weak, emaciated, convalescent and overworked. Each dose means more energy, more power and more strength.

Watch Yourself Before Taking

Price 50 cents. Special Strength 90 cents. General Medicine Co., 224 N. 14th St., Philadelphia, Pa.

Spanish influenza reported in Indiana today. This makes a total of more than 10,000 cases in the state, exclusive of army posts. Every county affected. All public gatherings prohibited. Dr. Hurty, state health commissioner, earnestly urges that I recommend the postponement of Call A 1442 G. Request immediate reply.

The reply of the provost marshal general follows:

under Call A 1442 G. However, if in your judgment the epidemic of influenza makes it inexpedient to mobilize these men you are authorized to suspend the call until further notice. Advise action you are taking and keep this office advised in regard to health conditions within your state."

CUTS DOWN MILK BOOST

Goshen, Ind., Oct. 17.—The Elkhart County food administration frustrated action of Goshen dairymen in advancing milk 2 cents a quart to 12 cents. The extra price must be refunded to customers. The food administration and dairymen will meet Friday to fix milk prices.
